## Past

In February of 2017 we were able to do the most effective work yet! We were able to conduct **two** 5-day leadership trainings, in two separate cities: Kombewa and Kayole.

We taught on biblical leadership principles of understanding authority, ministerial ethics, resolving a victim mentality, and an extensive day on finances.

For optimal impact we provided learning materials, had them perform interactive tasks, and role play. We were able to help them set up budgets, how to utilize them for better management skills, ethics, and financial accountability.

## Present

Currently we are building our new office space as we have previously worked from a kitchen table making it difficult to move to our next phase of ministry where publications and video broadcasts will become more of a reality. Our current estimated budget for this is \$40,000.00. We have raised \$15,000.00 to date. We need \$25,000.00 to complete this project.

Pastor Brian Ford and his son Brandon Ford (contractor), from Ludington, MI came for two days and helped us greatly! THANK YOU!

## Future

We are going to Kenya!

As soon as all the allocated funds come in for this mission trip we will be going! Our goal is to go in the early part of 2019.

We currently need \$23,500.00 to make this a reality! Our budget is \$25,000.00, we currently have \$1,500.00.

We have not set a date as yet simply because our last trip incurred a heavy debt that took 6 months to pay off. As soon as all the funds are in we will go! HELP US GO!

## Why Us?

We are a biblical Christian ministry that is a registered charity with the Federal Government of Canada, we have been operating since 1989. All of our finances are publicly posted on the CRA website. We not only teach biblical ethics but we practice them. All funds are used appropriately for the funding of our missionary operations. Our work is patterned after the heart and morals of Jesus Christ. We are an organization who's primary purpose is to provide usable lifestyle and ethical ministry teaching to empower churches and church communities within the nations in which we work. The nations in which we are currently involved in is Kenya and Canada.

# With Your Help We Can Help Others!

**Help us reach our goal!**

Why include LFIO in your giving?

We are doing some amazing things in Kenya and Canada for the cause of Christ. Hundreds of people hear the gospel message through our missionary efforts and through our livestreaming. The more support we have the more training we can provide to pastors and church leadership. With your support we can train and help the pastors and leaders in their nation and communities. We have already had numerous testimonials of how our trainings have helped these leaders.

Our next missionary trip to Kenya will take place as soon as all the funds are in place. The total budget is \$25,000.00 and currently we have \$1,500.00.

We are currently constructing our ministry office which has a financial goal of \$40,000.00 and to date we have received approximately \$15,000.00.

Will you give generously to help us reach our two goals of \$40,000 and \$25,000?

Your support helps and encourages us greatly. You can give at [LFIO.ca](http://LFIO.ca) through PayPal or by mailing in a gift. Again, thank you greatly!

- Dr. James Miklos, Ph.D.

## How Can I Give? 3 Ways To Give:

1. At [LFIO.CA](http://LFIO.CA) online
2. Mail in a check
3. E-Transfer
